ABOUT THE TRAINING:

- To be a Teen in today's world is a challenge in and of itself. The 7 Habits of Highly Effective Teens are essentially seven characteristics that happy and successful teens the world over have in common.
- It offers students invaluable skills and strategies as they navigate through high school; such as how to deal with the daily rigors of life, stress, anxiety; and how to effectively balance school, extra-curricular activities, family, friends, and everything else that teens contend with in today's challenging world.
- This is a highly interactive session lead by adult and teen facilitators that provides a fun and unique approach to training. The afternoon includes skits, interactive games, meaningful breakout groups and discussions amongst student facilitators and participants.

We hope you take advantage of this wonderful program. Space is limited, and is on a first come first served basis. **Students must be recommended or nominated by a School Administrator to participate.**
